Gallery of Megahertz Robotics

# **SCIENCE EXHIBITION MELA**

**Organised by:** Megahertz Robotics

**Date:** 8th June , 2025

**Venue:-** JB Residency , Shivaji Road , Ramgarh Cantt

## **Theme**

Students will showcase their innovative science and technology projects in fields such as:

- Biotechnology
- Robotics
- Artificial Intelligence
- Renewable Energy
- Environmental Conservation
- Healthcare Technology
- Digital and Smart Solutions

## **Participation Criteria**

- Open to students of Class 8 to 12
- Participation is allowed individually or in groups (2 to 4 members)
- Only one project per participant/group
- Participation Fee: ₹100 per student

# **Project Guidelines**

- The project must be original (not purchased or copied)
- Projects may include working models or research-based presentations
- Every submission must include a project report containing:
  - Title and Objective
  - Methodology
  - Observations
  - Conclusion

## **Safety Instructions**

- Hazardous chemicals or open flames are strictly prohibited.
- All electrical parts must be well insulated and handled safely

## **Judging Criteria (Total: 100 Marks)**

- Innovation in Approach: 50 marks
- Presentation Quality: 20 marks
- Impact and Relevance: 30 marks

A panel of 3 expert judges will evaluate the projects based on the above.

## **Exhibit Setup Guidelines**

- Each team will be provided **one table and chairs** as per team size
- Participants must **bring their own materials**, such as:
  - Charts, models, laptops, extension cords, etc.
- Setup must be **completed at least 15 minutes** before the exhibition starts

## Code of Conduct
